

## PHOENIX VALLEY

Print this handy info sheet and the Google Maps directions for your travel to Phoenix Valley.

### ADDRESS & DIRECTIONS

89 Merrick Road, Pyes Pa, Tauranga 3173

### ARRIVAL INSTRUCTIONS

Once you turn onto Merrick road, drive down about 1km. On the left-hand side you will see a group of letterboxes, a sign for the Valley Outdoor Centre and also a sign for Canopy Camping Escapes - Phoenix Valley. This is the start of your journey! (Note - if you have a 'lowered car' it might be best to park at this point and call Becs and Greg to come and collect you. The driveway is not suitable for lowered cars). If you have a normal car, turn left down this private road and follow it down over the gorge and up the otherside. You will then get to an intersection where there are several driveways, go straight here and onto the metal (there will be another Canopy Camping Phoenix Valley sign at this point). Shortly after this please take the next right which will be a 90 degree turn, you will then see a wooden gateway. Please continue along for another 200m where you will get to the very start of the Phoenix Valley. You will wind down 1km of beautiful bush, through another gateway and then your tent will appear up on the hill. To access the tent please take the left-hand drive next to the pond and follow it up to your private carpark.
